

EMERALD & VIOLET

. CREAM of the Crop !! .

. INSPIRATION! .

'It's all about finding the calm in the chaos.'

Donna Karan

Look at this color palette... it is totally serene, gentle & exquisite. The textures so different, yet the message is the same. Calming creamy hues to soothe the soul.

. ART .

This Impressionist Art by Jennifer Stottle Taylor is stunning in shades of cream and pastel tones. Her painting 'Ivory Tea Set' is delicate and ethereal. I could look at it endlessly and continue to find the gentle nuance of all the subtle colors incredibly fascinating.

. INTERIOR DESIGN .

A Statement in CREAM !

This Space works really well because:

- Every surface is so subtle. Each surface has a different character, yet works well as an ensemble!
- I particularly like the Artwork, it does not overpower the room, it is only a soft essence in the background.
- Notice the decadent accent of gold inside the lighting fixture. It calls you to the dining table!

. PAPER ART .

These beautiful works are by Suzi McLaughlin. Her stunning paper creations are magical. Her work ranges from simple paper flowers, to complicated hand cut floral designs to these sculptural & elegant fantasy pieces. These make you want to find a book & start cutting!!

. PAINTED FURNITURE .

This dresser is a creamy delight of botanical inspiration! I like that the art is 'light' on 'dark' which provides a more unusual approach. Don't hesitate to find those stencils and add fresh style to an element of furniture.

With my every best wish...

there is strength in your softness.

- D h i m a n

Words of Dhiman

'There is strength in your softness.' What a lovely quote.

Sometimes maybe we forget that being soft can also mean that we can be strong at the same time. The whole world does not have to shout to be heard. Sometimes a little whisper might be more impactful. Sometimes handling a difficult situation in a gentle way will result in success. Don't you think that people always respond to kindness better than rudeness? Sometimes being 'soft' is not expected... so, when you use your 'softness' it gives you much more power & strength.

To each of you... health, happiness & softness
...with my every best wish, Barbara
