

# EMERALD VIOLET

. INSPIRATION! .  
My picture of the week...

I am astounded by the profound beauty we find in nature. Look at the simplicity of this olive branch; yet, look closer to see the sheen of the olive & the patterning of each olive skin, the softness of the leaves and the way the sun shines on each little piece of fruit.

Think about the color OLIVE:

- It is the color of wisdom & feminine leadership
- Olive is peace through compassion for humanity

- Olive leaves crowned Olympic winners
- The olive branch is a symbol of peace or victory

. ART .

These eyes make my heart melt !!

This is Jack. Jack is an 11 year old Harrier Hound, cheerful, sweet & friendly. Adopted into a new home where he is finding lots of love from Mom, kids and especially from his 'Dad'!

I drew him on an OLIVE background because it is subtle & contemplative. His colors and those of the flowers look simply perfect on this quiet color. [Check out the [LINK](#) below for other examples of my Artwork.]

Jack will have his portrait hung at the NEW ARF Facility in Columbia Station. I have included the LINK below if you'd like to check out the new Shelter. It is outstanding!

### . HOME DESIGN .

Is the sophistication of OLIVE for your home ?

Great style is only one color away. This beautiful olive tone is used on all wall, trim, doors and shelving. It unifies this space with sophistication & style.

- Artwork makes a Contemporary statement
- Modern lighting will add a warm glow
- Books offer needed spectral accents
- The dark copper leather sofa is warm & comforting
- Neutral chairs & carpet provide restful notes

## . PAPER FLOWERS . Lilies & Leaves...

This pretty composition looks ever so chic in a little corrugated, oval container. Sweet touches of pink blend perfectly with olive tones in the leaves and Lily centers. Flowers consist of a Compass Rose, Sparkler Mum, Elaborate French Lily, Australian Opal Flower & Leaves.

## . PAINTED FURNITURE . Olive Love ! YUM !

Transformative! This totally natural OLIVE color is the perfect tone for this restored vintage chest. A single coat of paint over raw wood is enough to let some of the wood graining show through. Paired with black & Library style drawer pulls it becomes a style statement!

With my every best wish...

In this pix I am happy to be surrounded by soft OLIVE colors. My husband's shirt, my sweater. For some reason when I look in my closet I find lots & lots of black skirts and olive green separates. It has always been a color that has captivated me!
