

# EMERALD VIOLET

. INSPIRATION! .  
Pretty In Pink !

I received this beautiful bouquet recently and was thrilled with the colors. It makes me sad that flowers have such a short life... I try and capture that brief moment with them.

I get right into the bouquet and catch those blossoms close up! I love the details and the intensity!!  
And, of course... the PINK!

. ART .  
Soft Pink Flowers !

It is incredibly FUN & challenging to visualize flowers in reality and then capture them in an art form. This is a Paper Mosaic painting, once you get the hang of using paper as a medium, you are able to create amazing art. Try it out for yourself!!

. INTERIOR DESIGN .  
Fabulous Pinky Magenta !

This is such an inspiring space. It is exhilarating! The warmth of the wall color adds drama and a quirky nature to this environment.

This room works really well because:

- The color blocking of the magenta, the lower wood cabinets and the singular blue wall cabinet feels like a Contemporary piece of art on one wall.
- The white light fixture, white wall on the left, white floor and white table offer a beautiful visual relief and provides a crisp contrast to other elements in this stunning room.
- Check out the dramatic texture provided by the faux fur on the chairs. Simply, stylishly plush.

. PAPER FLOWERS .  
Paper Roses !

Roses... beautiful pink roses... all in paper! They provide a sea of happiness to me. Learning how to make a rose is a little challenging; yet, once you get the hang of it they are the easiest to make by the dozen.

You can find the instructions in the link below. Just look for the Compass Rose!

. PAINTED FURNITURE .  
A Secret Inside... Pink !

How special is this desk?? The gray perfectly fits into a neutral home, open the desk and voila... a spectacular and vibrant pink to brighten your bill-paying endeavors!

With my every best wish...

Talk about 'Pretty In Pink'!! This is our Gretta when she was just a little baby kitty. I was on my way out of town to a Color Conference and the next thing I know she had climbed into my briefcase. Good thing I found her before I left home!!!

Just like the desk above, the surprise of pink on the inside is the perfect color to lift my spirits. I have not always used this color in super bold ways; yet, I do incorporate it in unexpected little places because it just makes me happy.

I hope YOU are finding little things here and there that make you happy these days. Please stay safe, stay creative and generate happiness!!

With my every best wish... Barbara

P.S. I have had many new friends ask about my past messages; therefore, I have created a new section on my Website. It has past emails, in chronological order, and titled with the MAIN COLOR that is the focus of each message.

ENJOY! We ALL need a little inspiration sometimes!!
