. INSPIRATION! .

Visions of Sugarplums & Violet Alliums !

This vision of a field of Allium looks surreal. Look at the colors in this image... red-violet, gray-green, charcoal & white. Again, simply look to nature for inspiration.

Allium is a flowering plant that includes hundreds of species, including onion, garlic, scallion, shallot, leek & chives. Who would guess that all these flavors would be hiding inside something so lovely?

. ART .

A Kitty in the Garden !

This is a portrait I completed of little "Juju," a precious little Bengal kitty. The vines, shading, flowers & leaves all add to the mystery surrounding this little one. I loved creating this fantasy theme by adding the essence of a garden or jungle motif.

. INTERIOR DESIGN .
An Unexpected Accent !

Doesn't this room invite creativity?
This space works really well because:

- The red-violet color used on the island is a surprise accent to this warm kitchen.
- The use of a light neutral color on all cabinetry adds a needed calm note to this busy area.
- The variety in countertops adds to the interest that is generated in this Country theme.
- Take a close look... TWO sinks! I cannot imagine this luxury! And, all that beautiful counter space!

. PAPER FLOWERS .
Another Storybook Wreath !

This beautiful wreath is created completely from paper. The Children's Book, 'The Tale of Mrs. Tiggy-Winkle,' from Beatrix Potter, is the theme in this storybook creation featuring the color violet mixed with the text pages and feature illustrations. Tell YOUR favorite story in your own creation... you can do it!!

. PAINTED TABLETOP .
Ultimate Creativity !

It is no secret that I LOVE paint!! I love the creativity & color range... I love the possibilities of unique patterning & unusual results that can happen when you just let yourself be free with the process.

If you think you'd like to incorporate an element like this in your home... that speaks to your design, please let us help you bring your vision to life!

With my every best wish...

I always like to find a personal picture that incorporates our color theme. This is as close as I could come with my violet scarf & a charcoal jacket that belongs to my husband. I am snuggling with our little Gretta.

I hope you will find some time to snuggle up too. With a kitty, someone you live with, a good book, a pillow, a quilt & your favorite movie! You get the idea. Spoil yourself... just a little... breathe slowly... take time to reflect on all your blessings... & imagine all the possibilities ahead.

Always, with my every best wish for you... Barbara

P.S. Don't forget about my past messages, you can see them anytime. I have created a new section on my Website. It has all past emails, in chronological order, and titled with the MAIN COLOR that is the focus of each message. ENJOY! We ALL need a little inspiration sometimes!!
